

A Lesson Plan for Parental Supervised Driving

A Must for any Parent Supervising a Teenager on a Permit

This comprehensive 34 page pamphlet provides parents with a step by step progressive lesson plan to navigate your teen driver through their 60 hours of permit logging/supervised driving period. Each lesson is complete with specific objectives for your teen to achieve, a chart to log the hours and space for the parent to sign off when the teen displays the competency level necessary.

Lessons include:

- Creating a positive learning environment
- Pre-Drive Vehicle Inspection and Stationary Tasks
- Parking Exercises
- Neighborhood Street Driving Exercises
- Rural Roads at 45 & 55 MPH
- City Streets in various levels of traffic
- Interstate Driving Exercises
- Driving in Rain and Night Time Driving

This lesson plan is designed to reduce stress for both parents and teens while developing your teens confidence for driving in riskier environments and does so in a gradual progressive manner.
